

The Florida Maternal Mental Health Collaborative Invites You to Join the Clinical Practice Work Group.

**Florida Maternal
Mental Health
Collaborative**

Perinatal Mental Illness is THE #1 Health Complication Related to Pregnancy and after Delivery (postpartum).

This crisis requires interdisciplinary collaboration. The Florida MMH Collaborative was founded in 2015 as a 501c3 non-profit with a vision to ensure every woman in Florida and her family receives the help and support they need for optimal mental health and well-being. The clinical workgroup represents professionals from many disciplines working together to build the quality and capacity of clinical support and services across Florida.

Clinical Practice Workgroup Goals

1. Expand the FLMMH Clinical Workgroup
2. Disseminate accessible Evidence-Based information to parents and providers
3. Increase screening and identification of PMADS
4. Help connect pregnant and postpartum mothers to needed support and services.
5. Build treatment capacity by promoting and creating resources and training.

How to Get Involved

STEP 1 CONNECT

1. Join the workgroup here: <https://www.flmomsmatter.org> (or email info@flmomsmatter.org)
2. Share this information with colleagues and friends; post on social media

STEP 2 COLLABORATE

1. Participate in our monthly zoom meetings- scheduled every 4th Friday at 11:00
2. Add information about existing support and services on the BH Impact Provider and Resource directory; contribute to developing new community resource guides.
3. Write or create content for social media/ FL MMH collaborative website
4. Share experiences to improve referral systems and successfully link services
5. Identify efforts to screen and expand screening for PMADS in your community
